

October 23, 2024

Dear Friends,

On behalf of everyone at the VFW National Home, we are keeping the residents of Georgia, including your VFW/Auxiliary members and all our military and veteran families, in our thoughts and prayers during this challenging time.

In light of the devastating flooding and storm damage that has impacted Georgia, we want to remind military and veteran families—and families of VFW/Auxiliary members—about the support available through the VFW National Home. If your family or someone you know has been permanently displaced by this disaster, our community can offer a transitional solution to help families start afresh and rebuild their lives.

The National Home offers a safe, supportive environment to military and veteran families in need, providing access to essential services, education, and the stability necessary to recover and thrive. We encourage any family impacted by the recent floods to consider applying to join our community and begin the process of healing and rebuilding.

**If you or someone you know could benefit from our assistance, please visit <http://www.vfwnationalhome.org/help> or contact our Helpline at 800-313-4200 for more information. Let's work together to ensure that Georgia's veteran families receive the support they need during this time of recovery.**

We kindly ask for your help in spreading the word. Please share this information on your Facebook page or website or forward it to your email contacts. Together, we can ensure that those who need us can find us.

As Georgia begins rebuilding in the days, weeks, and months ahead, please remember the incredible resource you have in the VFW National Home. We stand ready to help the families who need us most.

We extend our best wishes to you as you work to recover and rebuild. We are here to support you every step of the way.

Sincerely,

**Brian Daniels**  
Community Development Manager  
VFW National Home
